Dear Mr. and Mrs. Burney:
Thank you so much for the wonderful email you sent and welcome to San Angelo. We appreciate you watching KSAN. With all the hard work and dedication that our staff puts into delivering the news, we really appreciate hearing that you enjoy watching. It is our mission to provide our viewers with the most accurate and up-to-date, LOCAL News, Sports and Weather information available. Thanks again for watching. Wishing you good health and happiness for years to come,

Dear Mr. Stovall,

My husband and I wish to express our appreciation to you for managing what we consider to be the BEST television station in the city. Your staff can actually read and write good stories as compared to the other stations and their grooming makes them appealing to the eye on television. We were fascinated when Cynthia Ross made some mention during the holidays of having been a flight attendant. Having lived in large cities upon retirement our choice was to live in San Angelo. We so admired the priority of education in the families in this town, but have been very disappointed in the television station management and choice of reports on the "air". Thank you for being the exception. We appreciate you and your staff.

Sincerely,

J. Brent & Barbara Burney

Dear News Team:

Woof – Woof * so much for assisting with promoting Doggie Walk 2002 for the Alzheimer's Association. Channel 3 was the only television station that provided actual coverage of this fun event for such a worthy cause.

We appreciate working in concert with members of the media that help us raise funds, provide in-kind services, or help increase awareness of Alzheimer's by covering our events and programs. The money raised for a fund-raiser such as the Doggie Walk stays in San Angelo and helps our local office continue to provide education and information to the many people who need our services.

We look forward to working with you again and are “dog-gone” happy that you have continued to help the Alzheimer's Association be “Someone to Stand by You.”

Sincerely,

Tricia Shelton

Dear Besa and Juliet,

Thank you both so very much for the wonderful news story covering our "Big Wheels Deliver Meals" day. The story was outstanding, and we have already had four calls from people who want to volunteer! We have also had several calls from recipients requesting meals. You truly helped our organization send a message to the community.

Your presentation was excellent, and we truly appreciate your support and aide in feeding the homebound elderly in Tom Green County. We are very grateful to the KACB News Team, and we hope to work in a way which will merit your continued support.

God bless you all!

Dear Mr. Howell:

On behalf of our site, let me thank you and your fine staff for their excellent work in covering our Buffalo Soldier exhibit and celebration this weekend past.

I was very impressed with both the quality and the frequency of the coverage, and it was a pleasure meeting the various people who came to our site to film and report this event.

The pre-event coverage helped us bring a fine crowd to both our banquet and the opening.

I hope that we can call on you a few more times in the coming weeks as this exhibit will remain in San Angelo until mid-September.

With all best wishes.

On behalf of the Board of Trustees, we would like to thank you for the media coverage provided to us during the month of March as "Mental Retardation Month." Your reports helped promote an understanding of mental retardation that will lessen stigma, reduce fear, and result in more persons with mental retardation having the opportunity to live in the most appropriate setting possible and function to their fullest possible capacity.

Re: 2001 Food Drive Results

Dear Besa:

Many thanks to you, your staff and all of KACB for your wonderful help and willingness to stand in the heat and put on a great outdoor show. I watched Juliette do her updates from many different locations, what a trooper. We realize to successfully stage an event of this magnitude it takes many volunteers some paid, some not paid and normally always on a day off, just to help others less fortunate. I'm very proud of what was accomplished in less than six hours.

The Concho Valley Food Bank has credited us with collecting over 6,000 pounds; plus, we'll also get credit for an additional 1,000 pounds or more when the matching cash contributions arrive.

I hope KACB will consider taking this project on again next year, same place same time, same hot weekend in July? Thanks again KACB for a nice job well done!

Dear Mr. Howell:

I have lived in San Angelo for nearly 22 years and taught in the San Angelo Independent School District for ten years. When your station began its local representation in this city, they did work harder for us and they have certainly continued.

This letter is, admittedly, overdue. However, late as I am in writing to commend your San Angelo staff, they have served our community with excellent journalistic professionalism.

They were the first to cover the good news about schools and children. I remember in particular, the day of the Columbine incident. Your reporters had covered some neat things at the junior high where I taught. I was afraid that the good news about kids might get lost in the hard news of the nation. However, when I watched the news, I was pleasantly surprised to see the good news reported along with the other news. And I was even more impressed when I called your news director to say thank you. I don't recall his exact words, but he said that they would always strive to present a balanced view of the news.

As a journalism teacher, I have been impressed with the attire and attitude of your reporters. I pray that my students who go into journalism have half their integrity and professionalism. They have certainly been good role models, not only for my students, but for the community as a whole.

In the past year, I have moved to the communications office of the SAISD. In my capacity as communications specialist, I work with the media on a daily basis. I have continued to be impressed with the KACB crew. They have understood the delicate balance of what we can tell them, based on the FERPA laws, and made decisions about news coverage that have been fair. Even when they cover a story that is not good news about kids, they continue to present a balanced view.

I really don't want to mention anyone by name, because when that happens, someone gets left out. However, Jose Suarez has done an excellent job with the station. I have tremendous respect for him, as I do for Bessa, Yvonne, Jason, and Marcelo.

This letter, notably late, is to applaud your station and your people. They represent you well.

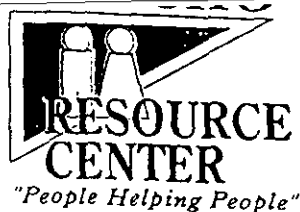

Sincerely,

Lucy Thomas
Communications Specialist

Dear Juliet:

All of us at Concho Resource Center would like to thank you for taking the time to visit us, filming our facility, and the work that we accomplish here.

We appreciate the opportunity to increase community awareness about Concho Resource Center and the services we provide.

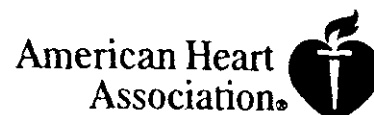

We have received positive feedback since the airing of this "newsworthy event". The community needs to know about organizations like ours and the services available to them. Since March is Disabilities Awareness month, this was a most opportune time.

Thank you again for your time and we look forward to working with you in the near future.

Dear AHA Heart Gala Supporter,

How do you tell someone "Thanks" for a \$21,000 gift? Well, that's the task before me as I write this letter to report on the success of our 8th Annual Heart Gala! We have crunched the numbers and are proud to report that our NET income (that's after expenses) for the Gala is over \$21,000 which is a 20% increase over last year!

What made this event so successful? There are many contributing factors but let me just mention a few of the obvious ones:

- ♦ Cash sponsorships were up over last year by over \$2,000
- ♦ Ticket sales were up which brought in hundreds of additional dollars
- ♦ We added the trip drawing which brought in about \$2,000
- ♦ Our expenses were actually less than last year
- ♦ We had over 70 great auction items donated
- ♦ Many area businesses donated over \$16,000 worth of services
- ♦ The media outlets gave us great coverage
- ♦ Our steering committee did a wonderful job leading the way

So you see, it's not a single gift of \$21,000+ but the combined effort of hundreds of people who contributed to this event in various ways. You played a part in the success of this event and I want to thank you on behalf of the countless people who will benefit from the investment of your time, service and money! Thanks for delivering a huge punch to this area's number one killer. With your continued support we will accomplish our goal of reducing death and disability due to heart disease and stroke in the Concho Valley.

Mark your calendars now for our next big event: The Women and Heart Health program on Thursday, May 10, 2001 at the San Angelo Convention Center from 4:30-9:00PM.

With heartfelt thanks,

Brent Fields, Regional Director

Dear Jay,

Concho Christmas has now completed six seasons of lights. We are most appreciative of the exposure we received from KACB-TV NBC 3. Thanks for helping inform the public about the times and location of the Celebration. Please express our appreciation to everyone at KACB-TV NBC 3 that helped to make your coverage possible.

We estimate 64,000 people had the opportunity to view the light display. The Concho Christmas Committee is pleased that the Celebration has become an intrinsic part of the Christmas season in the Concho Valley and that so many people have used this as a motivation to decorate their personal homes. The City was "aglow" from the numerous lights.

Dear Friends,

YOU DID IT! You helped to raise a total of **\$13,000** during the 2000 Carter Martin Classic, which benefits West Texas Boys Ranch. Since 1996 this benefit match has raised more than \$39,000 for the Ranch.

We are truly fortunate to have such a great group of friends. The funds you helped to raise during the match will go directly to the boy care program at the Ranch and will help to insure that the Ranch will be here whenever other boys need a place to call home in the future.

As you probably know, Dr. Carter Martin was a vital part of West Texas Boys Ranch for over 20 years. Professionally and personally, Carter was dedicated to making life better for each and every boy. Thanks to you, his memory still lives on and many young lives are touched today.

Dear Mr. Suarez, Ms. Tafilaij and staff of NBC3 News,

Thank you for your partnership with Austin Elementary School and Community Partners on behalf of the Rainbow Room Project. We are grateful to you for taking such an active role in supporting San Angelo families and children.

As a result of your participation in the "Fill the Bus" School Supply Drive, Austin Elementary School fifth graders were able to give the Rainbow Room \$1,358.34 in school supplies. We now have 30 backpacks filled and waiting for children who will need them, plus 30 more additional backpacks to replace those when they are needed.

The Rainbow Room would not be a success without people like you. This donation guarantees that no child involved with Child Protective Services will have to face going to school unprepared. They will know that there are other children out there who care about them and want them to do their best, no matter what the circumstances.

Donating to the Rainbow Room leaves caseworkers feeling that they have the support of our community in their efforts to keep children safe. Thank you for your interest and your hard work during this drive.

We would love an opportunity to show off the results of the drive. If you are ever interested in touring the Rainbow Room, please give me a call. I would love to show you around.

Dear Jose:

I want to personally thank you for your support of the 4th Annual Heart Walk in San Angelo benefiting the American Heart Association. This year's event was a rousing success, raising over \$23,000, thanks to you and the generous support from your organization. This was a record-breaking amount for us, almost doubling what we raised at last year's walk. Congratulations to you! We couldn't have done it without you.

This year we had over 50 businesses involved with 300+ walkers participating in the actual event, inspite of the rainy conditions. At the actual walk we celebrated survivors through the Red Caps worn by our participants (40+) with cardiovascular disease. This shows that research leading to medical advancements (like by-pass, pacemakers and CPR) is saving lives. Together we are making a difference to the thousands of people living with cardiovascular disease and stroke.

I hope you enjoyed being involved in the American Heart Walk and will consider participating again next year. Cardiovascular disease is our nation's No. 1 killer, and your support for heart and stroke research and educational programs will make life better for your family, friends and neighbors - as well as future generations.

Sincerely,

Brent Fields, Regional Director

James, I want to thank you and the young lady who filed the report on the Head Start meeting yesterday for the even handed way you treated the story, and Tammy Fluitt in particular. I especially appreciated the mention that she has never been linked to the crimes alleged in the investigation. Give my thanks to the young lady who was responsible for the report. Sincerely, Larry Fluitt

Dear Mr. Munoz,

Life can be very difficult at times. When we support others in need it revitalizes and lifts up the one in need. Your support for our family has lifted us up in many ways. Sometimes we get to thinking that no one cares. We have been through a lot trying to get surgery for Mittie. As you know, the surgery was canceled, just 2 days ago due to yet another appeal by Wal-Mart Lawyers. We are being told that this will take thirty (30) days or so, before we will know if she can have her surgery.

Whatever the outcome, I am deeply touched about how you have shown that you care. I can not thank you enough for allowing Diane Granada the opportunity to cover this story. Thank you so very much!

Diane was very considerate, she brought me items to drink and a blanket to keep me warm. She also talked to the police and had them come by and keep an eye on me. She is a very warm and tender hearted person.

Because of your coverage I now have other people fighting for us to include a lawyer that we do not have to pay. Our lawyer says he is going to have a press release very soon. If at all possible, I would like for you to have that information first. Our lawyer has said that he does not want the information going out to soon.

My wife and I will always remember what you have done for us and we will be sure to tell others.

The NBC network is blessed to have you both on board!

Sincerely,

Bob and Mittie Funderburk

RE: Grape Creek ISD "Shattered Dreams" Program

KACB

Attn: Newsroom Editor
2802 Southwest Blvd.
San Angelo, TX 76901

Dear Editor,

Grape Creek High School would like to express our gratitude to you to believe in the program "Shattered Dreams" and help us to bring awareness to the community through advertisement.

The program has been well received within the community. We hope to continue some type of awareness for drinking and driving annually.

Thank you for helping give us the opportunity to present awareness of the consequences of drinking and driving to our community.

Sincerely,

Joseph A. Young Jr.

Re: 2002 Food Drive Results

Dear James:

On behalf of OUTBACK Steakhouse, Concho Valley Regional Food Bank and the Elks Lodge, many thanks to you and your organization for their generous time, donations and support, during our televised food drive last Saturday. All told we will have **collected over 10,200 pounds** of food items to benefit the Food Bank. This is our best year ever!

As you pointed out there are a few areas that need to be refined to help maximize future growth; yet minimize the burden placed on participating businesses.

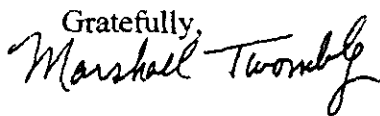

Therefore, a meeting has been set up to discuss this year's event.

Thanks for your support and commitment for next year's food drive.

Gratefully,

Marshall Twombly
Food Drive Chairman

Dear James and Staff of KACB:

Billie Kenny and myself would like to send a note of special thanks for an outstanding job that Katie Evans and your station provided in the coverage of our 2003 National MS Walk at Rodgers Park on April 12, 2003. The Public Service Announcements were absolutely great and Katie and Ramonica did a great job in the coverage before and during the event. You have a great staff and we would like to make sure you are a part of our walk in 2004 in helping find a cure for Multiple Sclerosis. Thanks again for the great job!

Sincerely,
Chris DeVore
